

MANISCALCO®

Australian for Mosaics®

Distributors of "fair dinkum" stone, glass and metal products.

G'day Mates,

The theme of this edition is “The Great Barrier Reef”, one of the Seven Natural Wonders of the World.

The Great Barrier Reef is the world’s largest coral reef system, composed of over 2,900 individual reefs and 900 islands. The Reef stretches over 1,400 miles and covers approximately 133,000 square miles and can be seen from outer space. The reef was selected as a World Heritage Site in 1981.

As well as being an iconic Australian treasure, the reef embodies the diversity of shape and color that is evident in Maniscalco products. We hope you enjoy the images of both The Reef and Maniscalco products, and that you are inspired by the beauty and individualism of both.

2014 was a ‘ripper’ (awesome) year for the Maniscalco team as we celebrated the first year of operation from our new distribution facility in Dallas, Texas. The facility is a “corker” (great) and enables us to provide a better service to the entire United States.

I want to pass on my appreciation to all our customers who, as in past years, have shown continued support during 2014. This support has allowed Maniscalco to develop into the “ridgy didge” (authentic) Aussie themed mosaic company it is today.

Maniscalco

Maniscalco will continue to invest in, and improve our systems and processes, with the goal of delivering the best possible customer experience. Team Maniscalco is a “bonza” (fantastic) group of people, dedicated to providing top notch products, on time and intact as well as “true blue” (genuine) value.

I am really stoked about the possibilities for 2015. We are enjoying an improving economy; I have dedicated staff and loyal customers.

“Fair dinkum cobber” (really my friend) what more could a “bloke” (guy) from Down Under ask for!

Hooroo (cheers),
Rob Maniscalco
Owner

Rob with his wife Liz in Sydney, Australia

*Only these have two-color highlights.
 Actual colors of the product may vary from the pictures shown. Tiles are available: 2 x 2, 4 x 4 and 2 x 12.

Because this product is hand-made, it can have a high shade variation. No two foil textures will be the same and color can vary from piece to piece and batch to batch. It is best to inspect and approve the product before installing.
 Blend tiles prior to installation.
