# Grid Display Components

Grid Panel  
Qty 3  
Dimensions:  
24" Wide  
72" Tall

Grid Base  
Qty 1  
Dimensions:  
25" Per Side

Grid Clips  
Qty 9

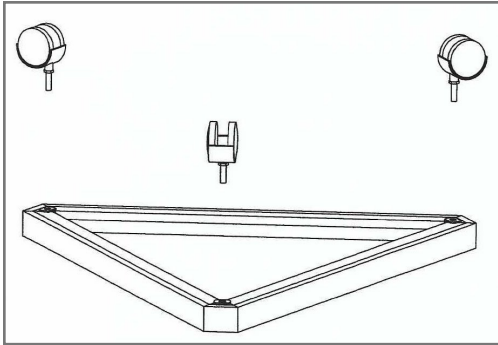

Castors  
Qty 3

# Grid Display Assembly

## Step 1

Turn the base upside down so that the holes are facing up. Screw the castor in the threaded holes. Set base aside for now.

## Step 2

Assemble two of the grid panels using the grid clips (Fig.1). Connect the end of one grid panel to the center vertical wire of a second grid panel (Fig.2). Grid clips should be located in the second section from the bottom and the second section of the top of each grid panel.

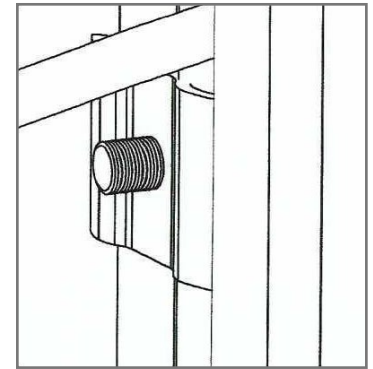

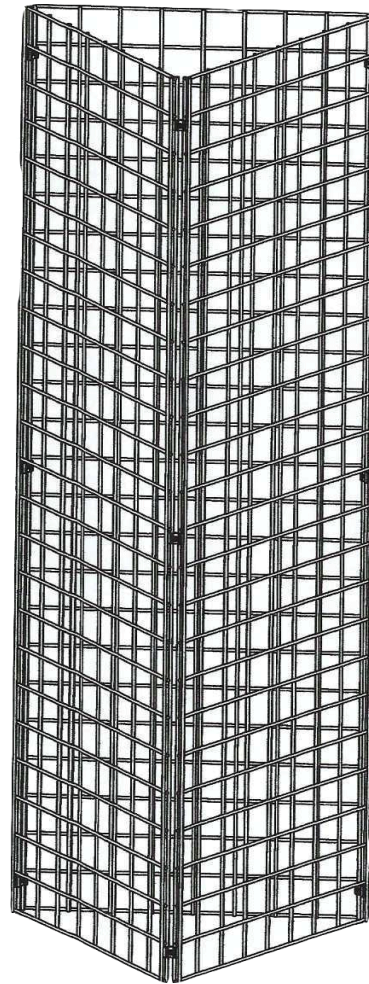

Fig. 1

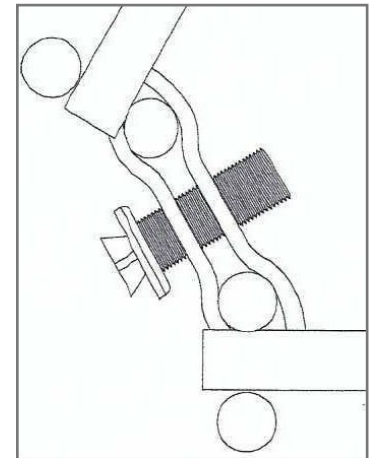

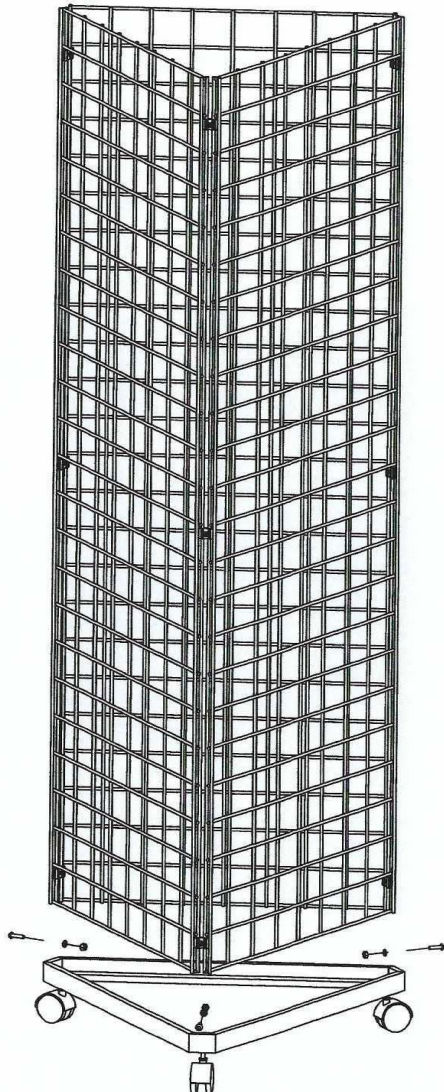

Fig. 2

## Step 3

Set the grid panel onto the base. Be sure to line up the center of the panel with the center of the base.
